

Effects of Helicopter Wake Turbulence on Light Aircraft or How Not to Get Killed by Rotor-wash

In Colorado there is an increased presence of military training with large, heavy helicopters like Blackhawks. Unfortunately there have been a couple of accidents that have been attributed to these operations. We will receive a safety briefing regarding safely mixing these operations.

Directions: From I-25 and E. Arapahoe Rd., proceed east to S. Peoria St. Turn right. At the entrance to Centennial Airport, turn right. Continue around the control tower, turn right just after yellow Caution sign on the right. Located in Arapahoe Aero building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
